Hello Homeowners,

Not sure how we are in June already, but we are, and time is just moving quickly. I will start by wishing everyone a healthy and happy summer along with good times and a lot of fun and memorable days.

I want to address the Special Assessment and the repairs and replacement funds that need to be done at the Rec Center. It is important for everyone to understand this is not by desire, it is by necessity. Our tennis courts, driveway, drain basins, and pool area have come to the end of their lifecycle. The reserve accounts must be restored to bring them where they need to be. There are no more band aids we can place any longer on these repairs. These repairs must be done for the safety of you, our homeowners and your family and guests that you bring to the rec center. The reserves must be replenished, so we do not have to do another Special Assessment next year. One and done with no additional legal fees or bank fees for another Special Assessment.

It is not my intention, nor your Rec Boards, to put anyone in financial harm. Unfortunately, we have hard choices of shutting areas down or repairing and keeping our amenities as a productive and useful asset. These are items that have been continuously discussed at Rec meetings since February 2024 and the time that we had to repair them. We have investigated the best and fairest ways to do the repairs, so they are easy to maintain and bring many years of value to our community.

We are researching the many different way you, the homeowners have asked us to provide you, so you have options to make the payment. Not all plans will be the right answer for everyone, but there are 1126 of us that need different arrangements. Do not think we are trying to tell you which one you must take, we are trying our best to give you all the choices you want. This is not a typical "one size fits all situation".

We will be accepting full payments with no additional fees. The payments that we have been asked to research by homeowners, not our decision, are payment plans up to 3 years, credit card capabilities and loans with low financing. We are getting all these answers. But please understand all these options come with additional fees, although minimal. We will have a complete breakdown of each option to pay as soon as they are solidified.

We will have more information about the Special Assessment at our Rec Board meeting on Tuesday, June 3, 2025, @ 7pm in the "A" Building. I sincerely want you to all know that these repairs and replacements are not what any of us want but it is where all of us are together as a community.

To the Rec Board of Directors, I want to thank all of you for making the tough decisions and I know and understand none of these are easy and are incredibly stressful. I am extremely proud of all of you for the dedication and determination that you have put forth to keep our community healthy, happy and safe.

I hope everyone enjoys their summer. We will speak throughout the summer about all things Rec, and I look forward to an upbeat and happy letter in September.

Respectfully and with love for all of you, always, Camille Montemurno, President

**PICTURED Left to right:**

**Jerry Casale, Scott, Karen Donovan, Andrea  
Spector, Tommy Rudolph, Pat Melito,  
Dorothy Rudolph, Marci Mendelson, and Glenn Solmi**

No one on the team has ever played any competitive pickleball. I received a call from the commissioner of “Play it Forward” Pickleball League that focuses on giving back to those that don’t have. After getting the team together, most thought this would be fun but very difficult, as most teams have been together for several years. The team really jelled and ended up finishing the season in second place. The consensus was that this was wonderful experience and a lot of fun. The team is looking forward to being able to play again next year, and hopefully playing some home games.
