Editor's Note:

I've been doing the Rec Newsletter for a quite a few years. Posting things that are available to the community, whether it's activities or shows.

We are at a critical point for our community. It's over 40 years old and things age. Nobody wanted an assessment, so money was used to do what had to be done. Between the gym building and machines and B building up grades, and new air conditioners, money was spent, not thru a special assessment. That's where the \$499,000 went. DVRA has spent thousands of dollars putting out fires, bandaid fixes.

It is now up to the community to take care of the buildings, pool, tennis/pickleball, parking lot, and landscaping. Let's make this community looking like it should.

My husband and I have been proud members of DV for 22years.

Patti Lazaroff
